Short Statement (less than 100 words):

I am good at connecting ideas and people to make things happen. As board member, I would use my experience in plasma physics and nuclear fusion, EPS conference organization, scientific evaluations and research dissemination to the benefit of the plasma physics community. I would always strive to reward excellence and look for improvements in the organization of the EPS conferences in plasma physics with the ultimate aim of reducing its cost for participants. My vision would be to modernize further the tools and practices used for enhanced efficiency, and team up more strongly with strategic allies with matching goals.

FOR THE EPS PLASMA PHYSICS DIVISION BOARD.
