

NOMINATION FORM OF NEW BOARD MEMBERS OF THE EPS PLASMA PHYSICS DIVISION

Title and full name: Prof. Luca Volpe

Postal address and e-mail: l.volpe@eps.es

Primary field of research: laser-plasma physics

Member* of: EPS Individual Member (chair of the BP&IF Board)

HEREBY NOMINATE

Title and full name: Dr. Fabrizio Consoli

Primary fields of research (less than 20 keywords): laser-produced plasmas and radiations, and related diagnostics, inertial confinement fusion, laser-driven particle acceleration; micro-structured materials for nuclear fusion.

Full postal address and e-mail: Fabrizio.consoli@enea.it

Position= Head of Laboratory of Inertial Fusion Plasmas and Interdisciplinary Experiments and Leader of the ENEA Task Force: 'Research and Technologies for Inertial Fusion

EPS membership= individual member and currently member of the Beam Plasma and Inertial Fusion section form 2020

Short Statement (less than 100 words):

I nominate Fabrizio Consoli for his scientific knowledge and achievements regarding laser-produced plasmas and radiations, their advanced diagnostics and applications, for his proved organizational capabilities in running a very productive research group operating the largest Italian laser plant, in establishing effective international collaborations, in organizing successful scientific meetings/workshops/conferences with implementation of gender balance, for his experience in interfacing effectively and being the bridge between different scientific communities, for his ability to address problems rationally and concretely, respecting other-people positions and roles but at the same time showing leadership, for his ability to communicate with people in a positive way.

FOR THE EPS PLASMA PHYSICS DIVISION BOARD.

Date: 30/11/2024

* : EPS Individual Member, member of EPS member society ..., member of EPS associate member ...
or member of collaborating society ...
