Title and full name: Prof. Dr. Thomas Mussenbrock

Postal address and e-mail: [thomas.mussenbrock@rub.de](mailto:thomas.mussenbrock@rub.de)

Primary field of research: Low-temperature plasma physics

Member\* of: German Physical Society

### HEREBY NOMINATE

Title and full name: Dr. Andrew R. Gibson

Primary fields of research (less than 20 keywords): Chemistry of Low-Temperature Plasmas, Numerical Simulations, Laser Diagnostics.

Full postal address and e-mail: University of York, [andrew.gibson@york.ac.uk](mailto:andrew.gibson@york.ac.uk)

Short Statement (less than 100 words):

I am pleased to nominate Dr. Andrew Gibson for the EPS Plasma Physics Division Board. Currently a Lecturer in Plasma Physics at the University of York, Dr. Gibson previously served as a Junior Professor at Ruhr-Universität Bochum, where he built a strong reputation as an expert in plasma technology. He excels in interdisciplinary research, teaching, and leadership, with impactful contributions to plasma diagnostics, chemistry, and applications. Dr. Gibson's dedication to advancing plasma physics, fostering innovation, and supporting diversity makes him an ideal candidate. His expertise and collaborative spirit would greatly benefit the board and the plasma physics community.
