

NOMINATION FORM OF NEW BOARD MEMBERS OF THE EPS PLASMA PHYSICS DIVISION

I

Title and full name: Prof Dr Mervi Mantsinen

Postal address and e-mail: Barcelona Supercomputing Center, Department of Computer Applications in Science and Engineering, Plaça Eusebi Güell 1-3, 08034 Barcelona, Spain; email: mervi.mantsinen@bsc.es

Primary field of research: plasma physics; magnetic confinement fusion

Member* of: European Physical Society Individual member, member of the European Physical Society Plasma Physics Division Board, member of Finnish Physical Society and Spanish Royal Physics Society

HEREBY NOMINATE

Title and full name: Prof Dr Costanza Maggi

Primary fields of research (less than 20 keywords): Magnetic confinement fusion; H-mode pedestal and edge physics; Transport and confinement of fusion plasmas; Fusion spectroscopy

Full postal address and e-mail: UKAEA, Division of Plasma Science and Fusion Operations, Culham Campus, Abingdon, OX14 3DB, UK; email: Costanza.Maggi@ukaea.uk

Short Statement (less than 100 words):

Costanza Maggi is a recognized experimental physicist, with 30 years' experience in magnetic fusion research, carried out on JET, AUG and DIII-D. She has been JET task Force Leader (T and DTE2 experiments), is member of the ITPA PEP group and of the Nuclear Fusion Board of Editors. She is a UKAEA Fellow and honorary visiting Professor at University of York. She has participated in many EPS PPD conferences, with plenary, invited, oral and poster contributions, and served in the PC in 2019. Due to her experience and interest in supporting the field, I propose her for this Board.

FOR THE EPS PLASMA PHYSICS DIVISION BOARD.

Date: 7th October 2024

* : EPS Individual Member, member of EPS member society ..., member of EPS associate member ... or member of collaborating society ...
